

OLIVER STASKIEWICZ

web developer

Web and mobile developer, I use technologies such as **Javascript, React, React Native, TypeScript** and more.

I am passionate about team-work and innovative projects, with an artistic and creative dimension in addition to the tech from my experience in the sound and music industry. I am looking for a web developer opportunity to put my skills into action and continue learning in a challenging environment.

EDUCATION HISTORY

RNCP VI - Web & Mobile Development Project Manager

La Capsule - Bruxelles

2022

- JavaScript / TypeScript / React / Redux.
- Node.JS / Express
- Mongo DB

Digital Arts

Ecole de Recherche Graphique - Bruxelles

2021

- First hand on Python

Bachelor Cinema Arts & Medias

Université Sorbonne Nouvelle - Paris

2017

EXPERIENCE

Mobile App project - OneCard

Creating a mobile application for digital business cards

2022

I created an app that generates QR which you can scan to receive the contact infos of someone. It consisted of 4 collections in the database through MongoDB with an Express Back-end and a dynamic Front using elements from Expo such as expo-location or image-picker and Native Base.

Sound-Engineer

Freelance

2017 to Present

I worked in different studios for different brand such as Nintendo, Momkaï, Adidas by recording, editing and mixing audio.
